EASILY REPULSED

Were Filipino Insurgents Who
Today Attacked Angeles.

Pursued By Americans, But the
Rebels About All Escaped—
Meagre Reports.

MANILA, P. I., Aug. 17.—A force
of eight hundred Filipinos attacked
Angeles today in an attempt to re-
gain the town from the Americans.
The attack was easily repulsed and
the Twelfth Infantry pursued the
insurgents, capturing three. In the
attacking Angeles the enemy ap-
proached on a train with two engines.
The latter was dethatched by Americans.

MUCH BUILDING.

Recent Building Permits That
Have Been Issued.

There is considerable building in
progress just now in various parts
of the city. The following build-
ing permits have been issued by
City Engineer James Wilcox recently:

May Dorr, frame building on Twelfth
street between Monroe and Mad-
ison, cost \$5000.
Mrs. S. C. Vaughan, Fifth-street,
at Madison, frame addition, \$1,500
Louis Williams, frame addition,
Elizabeth street between Fourth
and Fifth, \$250.

Z. T. Buchanan, frame building,
Harrison street and Fountain avenue,
\$200.

H. R. Jones, frame building, Ash-
brook street between Powell and
Sowell, \$230.

E. P. Noble & Co., brick store house,
Jefferson street between Fourth and Fifth,
\$6,000.

J. Andy Bauer, Eighth-street at
Cay, frame cottage, \$1,500.

R. L. Eley, Eighth street at Mon-
roe, brick building, \$1,500.

Henry Sanders, frame building,
Third between Ohio and Tennessee,
\$500.

Lucretia Boyd, frame, Twelfth
street between Flournoy and Ter-
rell, \$400.

A. S. Barksdale, Sixth between
A. M. Churchill, Fourth between
Husbands and George, \$450.

Norton and Husbands, \$600.

A. E. Cole, frame, Tennessee be-
tween Twelfth and Thirteenth, \$500.

Bob Tyree, Fourth, between Nor-
ton and George, \$450.

Mrs. M. Frank, brick building, cor-
ner Adams and Jackson, \$3,000.

E. R. Dutt, frame, Trimble be-
tween Thirteenth and Fourteenth,
\$1,000.

John Travis, Twelfth between
Burnett and Flournoy, \$450.

H. and M. J. Friedman, four frame
houses, Harris street between Eighth
and Ninth, \$1,000.

W. O. Thompson, frame building,
Cannets street between Farley
Place and Bridge street, \$200.

J. J. Barnhardt, frame, Tennessee
streets between Eleventh and Twelfth,
\$400.

Harry Judd, Thirteenth street, be-
tween Ohio and Tennessee, frame
building, \$600.

Assistant Sewer Inspector Joe M.
Stallings has purchased property and
is building him a house in Mecha-
nicburg.

HOUSE BREAKING CHARGE.

But It Turned Out to Be a Breach
of the Peace.

Clark Muse, colored, was arrested
last night on a charge of housebreak-
ing. He went to the home of a wo-
man and forcibly took out a trunk
that did not belong to him. He was
arrested for housebreaking, but when
Judge Sanders this morning heard
the evidence, it showed that he had
merely committed a breach of the
peace and was fined \$10 and costs.

MR. LEMON APPOINTED.

He Is Installed as Public Printer
By Mayor Lang This Morning.

The office of public printer was
today declared vacant by Mayor
Lang on account of the retirement
from the management of the News
of Mr. J. E. Robertson, and Mr. J. E.
Lemon was appointed to fill the va-
cancy until the next meeting of the
council, when he will in all proba-
bility be elected by the council to the
place. Mr. Lemon was not eligi-
ble until Tuesday last, when his
paper was made a daily.

Men Among the Minor Places.
One Being a Minister

GOEBELISM IS DENOUNCED

LEXINGTON, Ky., August 17.—The
anti-Goebel convention last evening
completed its work and is now a part
of the political history of the state.
The delegates have all about depart-
ed and the several thousand worthy
Democrats yesterday on the streets
of this city are now well along toward
if not already at their homes to tell
the people of the convention's good
work and the delight of all partici-
pating over what had been done.

The noon impression yesterday was
that about 1,500 people would attend
the convention, but this number had
been all but thrilled by the hour set
for the convention to open—2 o'clock.
Not less than 5,000 people were present
say all conservative observers. These
represented 110 of the 119 counties
of the state and among the
crowd, as stated, were many war
heroes. The stage of the convention
hall was made doubly conspicuous
by the jam and the character of the
menhonor.

The body got to work at the hour
set. Order was called by the venera-
ble Colonel Phil Thompson, who said
he acted for the chairman, Hon. P. P.
Johnston, who was too ill to be pres-
ent, and he did so in a ringing talk,
saying those present had gathered
to rebuke fraud, tyranny, and bossism.
He elicited the greatest applause
and started the ball to rolling with
great enthusiasm. Prof. J. B. Grubbs,
of the Kentucky university followed
Mr. Thompson with a similar speech,
and then the convention was announ-
ced as ready for business.

Wm. Sweeney, of Marion county, in
strong words nominated Judge J. W.
Green, of Owen county, saying with
him as chairman no police or other
bulldozing powers would be needed.
Mr. Green being chosen came forward
amidst great cheering and was soon
enthusing the convention with a
spirited talk denunciatory of Goeb-
elism and all like rulings. Sergeant
at arms and secretaries were named,
Messrs. J. D. McQuot and Chas. Cro-
bin, the latter of Jefferson county,
being selected secretaries.

Committees were called for an-
nounced and then had soon left the
hall to perform the duties before them.
In their absence Hon. Theodore Hal-
lam, of Covington, was called upon
and addressed the gathering, making a
splendid speech. Hon. Wm. Sweeney
then spoke and received a flattering
reception. There was a great demon-
stration at the close of Sweeney's
talk and the convention for a time
went wild. The speaker had noted
the Louisville gang from start to fin-
ish. Hon. W. C. Owens, of Lexington,
also spoke and he too aroused the
greatest enthusiasm.

The committee were soon ready
to report and they were heard in turn.
There were no contests before the
committee on credentials and its
work was easily performed. There
too was a unity of opinion among
the members of the committee on
resolutions and took little time for
these gentlemen to draft a strong
platform.

The report of the committee on cre-
dentials being heard that of the com-
mittee on resolutions was soon before
the report was heard and with much
enthusiasm its sections were read
and received. The platform is a strong
arrangement of Goebelism first and
last, but endorsed Bryan and the Chi-
cago platform, though it ignores Black-
burn. There is a strong denunciation
also of the Haldeman papers of Louis-
ville, but no reference to national
issues other than to the Chicago plat-
form. The report was adopted with a
surrah.

Nominations being reached Hon.
John Young Brown was chosen for
governor amidst such enthusiasm as
was perhaps never witnessed in a con-
vention before in Kentucky. Hon. P.
P. Johnston was named for lieuten-
ant governor in also an enthusiastic
manner, and the balance of the ticket
was chosen in a go. Theodore Hal-
lam nominated Brown and did it in
a speech which was an honor to his
head and heart. Hal Corbett, of Pa-
ucah, seconded the nomination in
a very happy speech. The complete
ticket chosen was as follows:

Governor—John Young Brown, of
Jefferson county.

Lieutenant Governor—P. P. John-
ston, of Fayette county.

Attorney General—Lawrence P.
Tanner, of Daviess county.

Auditor—Frank A. Pasteur, of
Caldwell county.

Treasurer—John C. Droege, of Ken-
ton county.

Secretary of State—E. L. Hues,
of Warren county.

Superintendent of Public Instruc-
tion—Rev. E. O. Goerrant, of Jack-
son county.

Commissioner of Agriculture—G.
H. Vanderveer, of Lincoln county.

In the evening, at a session held
for the purpose chiefly, Mr. Brown
accepted the nomination as the party's
chief nominee and in doing so
spoke two hours, delivering his life
effort and promising to lead the

fight into all parts of the state. It
was truly a ringing speech and at
times his hearers were wild with in-
terest.

Other speeches were made and the
convention quit at a late hour with
lauding shouts for the ticket.
A resolution was adopted demand-
ing the use of the rooster. The con-
vention completed its work at 11:15
o'clock last night.

WHAT MEANS THIS?

To The Sun: I hear much talk
about the present council showing out
a member or two of the board for
place before the next election as a
vindication to them, but that they
generally refuse to stand for elec-
tion and leave the city to select a
new board, as seems to be the gen-
eral desire. This is a new act in
politics, and one which has a very
peculiar feature, and I would like to
see it tried on for the novelty of
the thing. But the question arises,
who are to be the members to be put
up as sacrifices? And why are they
not brought to the front? There is
to be music in the air, so let the
fun begin. I am for a new deal
myself, from top to bottom and I am
sure the mayor is with me, for he
is not with the present board and
would like one he can handle.

Yours, with curiosity,
CITIZEN.

OVERSEER SMEDLEY.

He Succeeds the Late Overseer
Wes. Cooksey.

Mayor Lang today appointed Of-
ficer Frank Smedley, of the night
police force, overseer of the chain-
gang, to succeed the late Wesley
Cooksey, who died last week. Of-
ficer Smedley has held the office be-
fore, and will assume charge Mon-
day morning.

CLERK GRAVES RESIGNS.

Will Be Succeeded By Dave Ken-
nedy at the 1 C.

Mr. Clarence Graves, night yard
clerk at the Illinois Central, has re-
signed his position to take effect
Saturday, and will probably be suc-
ceeded by Mr. Dave Kennedy. Mr.
Graves is a popular and gentlemanly
young man and very popular with
all the railroad men. It is not known
what he will embark in, but he will
probably remain in Paducah.

MUCH SICKNESS.

Doctors Report the Appearance of
Much Malarial in City.

All the doctors report the preva-
lence of considerable malarial fever
in the city, as well as many other
forms of ailment, most of which how-
ever are not serious.
There are more patients in town
now than has been known in several
months. Cooler weather is eagerly
sought by many sufferers, some of
whom have gone to the springs to
recuperate.

PENSION FRAUD TRIAL.

It Is Set for Monday Week Be-
fore Commissioner Puryear.

The case against Samuel Silvey,
of Hamby Station, Ky., brought to
the city and lodged in jail yesterday
on a charge of pension fraud, is set
for Monday week, August 28, and
the attorneys have been notified and
the witnesses will be summoned for
that day before Commissioner Puryear.

Deputy Marshal La Rue, who made
the arrest, related a laughable fea-
ture of it. He heard before he went after
Silvey that the latter was a desperado
fiend, and would kill in a minute, hav-
ing already shot two miners. The
officer then strapped his big 45 pound
baw and lunged at several miles
before he came across his man. In-
stead of finding a desperado, he
never saw a more peaceable look-
ing man, or no one who gave him
any less trouble. He never offered
any resistance, and the deputy felt
deeply chagrined when he was seen
in charge of the prisoner with a whole
arsenal strapped about his waist.

LARGE LOCKET.

Over 150 Cases on the Criminal
Docket of Circuit Court.

The docket for the approaching
term of criminal circuit court is
ready at the circuit clerk's office, and
embraces, including old cases, over
150 criminal proceedings.
In addition, there will probably, as
usual, be many new indictments and
new cases.

DEATH OF W. P. VENABLE.

Mr. W. P. Venable, one of the oldest
and best known citizens of Paducah,
died this afternoon about 3 o'clock
at the residence of his daughter, Mrs.
Veal, on North Sixth street, near
the dogwood factory, from general
debility, after an illness of several
months. The deceased was about 70
years old, and for years had lived in
Paducah, and been one of her best
citizens. He leaves two children,
Mrs. Frank M. Fisher and Mrs. Veal,
both of the city. No funeral arrange-
ments have been made.

SUIT FOR SETTLEMENT.

Peter W. Roche, as guardian of
Earl Pugh, today filed a suit to set-
tle an estate. The suit was filed in
the circuit court.

DREYFUS CASE

Was Made Somewhat Brighter
Today By the Testimony of
Witness Picquart

DECLARED THE ACCUSED

Could Not Have Known the In-
formation He Is Said to Have
Given Away and

PROMISES TO TELL MORE FACTS

RENNES, France, Aug. 17.—Today
was the first time the court martial
listened to any testimony from Drey-
fus in connection with his case. Pic-
quart and Bertulus, two of the exam-
ining magistrates, both gave grounds
for belief in the accused's innocence
this morning. Roger finished his tes-
timony cut short by yesterday's ad-
judgment. The testimony was not a
long argument with Denange, the
witness losing some of his assurance.
Next came Bertulus, who repeated
his testimony before the court of as-
sault, including Lieut. Henry's fam-
ous confession to him when he begged
him "to save us for the honor of the
army." Bertulus testified Henry was
entirely in Esterhazy's hands. He
also told how he had examined the
evidence in the case and had concluded
there was absolutely no indication of
Dreyfus's guilt. Witness said he was
absolutely convinced of the prisoner's
innocence.

The next witness was Picquart. He
told of his connection with the case
and of his early suspicion of Esterh-
azy's guilt. He promised to tell some
things not previously revealed. Drey-
fus listened to him with a look of ex-
treme gratitude on his countenance.

Picquart asked how Dreyfus could
know the military secrets which were
betrayed when he (Picquart) as chief
of intelligence bureau did not know
them, and which could not have been
known only in the bureau. His reply
to Paris du Clam's inquiry in this
last remark caused a sensation.

Court here adjourned until tomorrow,
when Picquart will continue his tes-
timony.

RENNES, France, August 17.—The
wounded attorney Labori passed a bad
night. He had high fever, the x-ray
operation having made him very rest-
less. His physicians are undecided
about probing for the ball.

WANTS IT WITHDRAWN.

The city has for the past three
years had a suit pending in the cir-
cuit court against Mr. Dick Allen
for right of way over about sixteen
feet of his property near the city post
house. Mr. Allen now wants the suit
withdrawn, and agrees in return to
give the city the same number of feet
if his land in another place, more
desired by the city, on condition
that the suit is withdrawn. Mayor
Lang will recommend the withdrawal
at Monday's meeting of the council.

THE CENSUS.

Work Progressing as Rapidly as
Could Be Expected.

All six of the census enumerators
are now at work taking the city cen-
sus, and are getting along as well as
could be expected, considering the
hot weather and the necessary tedious
of their labors.
As yet nothing can be anticipated
about the result of the census, as
there is much more work to be done.

FIFTY DROWNED.

VALPARAISO, Aug. 17.—The ter-
rible gales and heavy floods con-
tinue. Near Santiago de Chile a
train fell into a river from a railway
bridge and fifty persons were drowned.
A house has been washed away
here and its nine occupants were
drowned.

SIX DROWNED.

Sinking of a Ferry Near Waco,
Ind., This Morning.

WASHINGTON, Ind., Aug. 17.—
Albert Hensel, his wife and their
four children, and a Miss Dillon were
crossing White river on a ferry, near
Waco, this morning, when the ferry
sunk. All but Hensel drowned, he
was just able to escape.

WEATHER INDICATIONS.

Fair, warmer tonight and Friday.

MRS. M'KINLEY BETTER.

HOTEL CHAMPLAIN, N. Y., August
17.—The president and Mrs. McKin-
ley were serenaded by the Twenty-
sixth infantry band this morning.
Later the president and wife went
travelling. Mrs. McKinley walking
from her apartments to the carriage
for the first time in three weeks. She
is much better.

Woman's Sweet Solitude.
Mrs. Youngwife—Thank goodness,
I've got the worst of my spring clean-
ing done! Mrs. Naylor—What! All
by yourself? Mrs. Youngwife—M-m,
no. I got my husband today to take up
the carpets and beat them, and take
the beds apart and polish the furni-
ture, and— Mrs. Naylor—Oh, then
he stayed at home all day? Mrs.
Youngwife—Yes. He said he felt so bad
and he looked so wretched when he got
up this morning that I just wouldn't
let him go to the office—Catholic
Standard.

BADLY HURT.

One of the City's Gravel Spread-
ers Gets Run Over.

Last winter an old darkey, half
frozen but still smiling through
the frost, applied at the city hall for
provisions and fuel. He gave the
name of Dave Rawls, and Marshal Col-
ins jokingly told him if he wanted
to eat he must work, and that he could
go down on the city's coal barge and
shovel coal into the wagons that were
delivering it to the poor.
The old darkey never demurred, but
instead went to work and for four or
five days shoveled coal industriously.
He made such a good impression that
Mayor Lang ordered him taken on the
street force whenever there was any
work to be done, and this spring he
was given a job spreading gravel,
which place he held until yesterday.
He was stooping over with his shovel
on South Second street late yester-
day afternoon when a runaway wagon
came around the corner unawares and
ran over him. He was hauled away
in an express wagon, and today is
badly hurt. He will be sent to the
city hospital if he does not improve.
His home is at Third and Ohio.

TEN THOUSAND

That Expected Call for Addition-
al Volunteers Is Made.

The Secretary of War, Per In-
struction of the President, Asks
for More Volunteers.

WASHINGTON, August 17.—The
following was issued by the war de-
partment today: "Pursuant to in-
structions of the president the sec-
retary of war directs that ten addi-
tional regiments of infantry volun-
teers be organized under the provi-
sions of the act of congress approved
March 2, 1899."

MISSING STEAMER.

Fearful She Was Caught By the
West Indies Hurricane.

HAVANA, August 17.—The trans-
port long overdue at this port. It is
feared the vessel ran into a hurri-
cane.

GRAVEL STOPPED

Inspector Was Fired—Gravel
Again Being Received.

Mr. Terrell's Contract Will Prob-
ably Not Be Cancelled.
Other Points.

Yesterday afternoon Street Inspec-
tor Uterback ordered contractor Ed
Terrell to deliver no more gravel to
the city until further notice. Several
wagon loads of half sand and half
mud with some gravel were dumped
on South Seventh street, and when
an attempt was made to run the street
roller over it, the roller shoved it along
like so much water.

It is said that the quality was due
to the inspector, Wiley Joiner, who
was discharged and is today not at
work. There had long been complaint
of the quality of gravel that was being
deposited on the streets, and yesterday
was the first time the street inspector
took any decided action. Today ter-
rell gravel is being delivered and re-
ceived by the city.

It is not known who will be appoint-
ed to inspect the gravel. Today In-
spector Joiner is working in another
department, and no gravel is being
received.

LOCATSS HERE.

Inspector Nelson Now Has His
Headquarters in Paducah.

Inspector of Floating Stock M. D.
Nelson, of the Illinois Central, has
moved his headquarters to Paducah
from Cairo, and yesterday his family
arrived. He resides on North Ninth
street.

ASHFORD ACQUITTED.

He Did Not Take the Diamond
Ring, Said the Court.

Alonso Ashford, colored, who was
arrested several days ago on a charge
of stealing a \$25 diamond ring from
a colored school teacher of Cairo, was
this morning acquitted in Judge San-
ders court. The case had been left
open for several days, and there was
much contradictory evidence.
It seems Ashford was entrusted with
the ring, and if there was any offense
it was merely a breach of trust.

BASEBALL YESTERDAY.

Boston 6 12, Louisville 3 6.

THURSDAY, AUGUST 17, 1899.

The mass of Christians make a little dark world of their own, and live there. They build the walls of their houses out of their troubles and sorrows. They keep the doors locked. It is all dark about them. No sunshine comes into their chambers, and no fire burns on the hearth. They have no pictures on their walls but the pictures of their dead joys. And there they live, from year to year, in gloom and sadness, because they will not let God's sunshine in. I need many persons who can talk for hours of their troubles, sorrows and cares, who seem to forget that God ever made a flower, or a star, or a sunbeam, or did a single kind, tender thing for them.—J. R. Miller.

By the end of this week at the latest it is expected that the president will issue the order for the enlistment of additional regiments of volunteers for service in the Philippines, or to take recent investigations into this country in anticipation thereof, the war department is hurrying preparations for the enlistment and equipment of whatever force the president may authorize.

Manufacturers of gas in the gas belt are preparing to manufacture on a large scale glass pipes for use instead of the iron piping for water and gas mains and various other commodities. Recent investigations have shown that it requires about three years for electrolysis to entirely ruin the iron pipes laid in a street along which a trolley line runs, and it is estimated that within the next five years the piping in all the large cities will be practically destroyed.

Mr. Blackburn fully deserves the "brown" eye he got yesterday at the hands of the Lexington convention. His connection with the Goebel wing of his party is enough to damn him in a political sense with any people. He merits only the severest rebuke and can get it any too harsh.

Democracy had not only its eyes upon but its ears turned toward Lexington yesterday. What it saw and heard was very pleasant to those who love their party for the enemies it has made and are patients from principle and not for office. These have no brown taste in their mouths this morning, but a gladness in their hearts which was shown on their faces. Everywhere they could be heard re-echoing that now they could vote without hiding their heads in shame.

The Republicans will sharpen their weapons for the Brownies from now on instead of the Goebels. It is clear the Brownies are the opponents the Republicans will have to defeat. The Goebels are clearly not to be in the November contest.

In 1899 this country exported of manufactures \$151,102,376, and in the fiscal year just ended her exports of manufactures were \$338,607,194. In the same period the imports of manufactures decreased nearly a hundred million a year. Great is the industry and prosperity of this country.

The report that British capital will soon control Cuba and Porto Rico is not alarming to Americans. Since the war of 1898 ended money from all the European countries has been pouring into both those islands. The reason for this, of course, has been the assumption throughout the world that Cuba would become American territory.

Before the end of the week a cargo of American relief supplies will be in Porto Rico and the people will realize that the new order of things means prompt aid in case of calamity.

Ex-Congressman McCreary, when in congress, was anxious to be recognized as the spokesman of the Cleveland administration, and he circulated freely his financial speeches, showing him in entire accord with Cleveland and Carlisle. Mr. McCreary is now an advocate of Goebel and the Louisville Populist platform. The ex-governor is no doubt in the hunt for more pie, but he won't get it by the route he has chosen.

If New York should get the Democratic convention of 1900 there would be some chance for Van Wyck to secure the candidacy. But New York has small show of getting the convention.

Has Bryan heard from Lexington and is he still determined to come into Kentucky to monkey with the political buzz saw with which he is certain to come in contact? If so he should have a guardian appointed forthwith.

Governor Roosevelt, of New York is to open the political campaign in Ohio this fall for the Republicans. He and George K. Nash, Republican candidate for governor, are to speak from the same platform in Akron September 23. The selection of Roosevelt has revived the rumor that he will take Hobart's place on the next national ticket.

AFTER GUS

Goebel Delegate Louisville Convention Gives Away a Secret.

A Dishonored Draft for Services Rendered Was Not Paid When Presented.

Louisville Post, 16th: The Dispatch this morning tells in plain words the story of a transaction which is said to have taken place during the convention held here in June, which nominated William Goebel for governor. It is the story of an alleged deal whereby the regular delegates from Campbell county, who were for Hardin, were unseated in favor of men who had no earthly claim to sit in the convention, save that they would do Goebel's bidding. These delegates, after being seated, are said to have entered into an agreement with Gus Coulter, candidate for auditor on the Goebel ticket, whereby the twenty-two votes of Campbell county should be cast for him in the race for auditor in consideration of \$150. The money was not paid during the convention. Coulter, it is claimed, gave an order for a sight draft. The draft was drawn July 5, but was not honored.

In connection with the story are printed affidavits from Ed J. Huber and John C. Bradley, who say they were parties to the deal; also fac-similes of the order for the draft and the dishonored draft itself.

This accusation is made in form so legal and in terms so specific that Mr. Coulter will have to answer. "Mum's the word," was the order issued before the convention adjourned. Consequently the Goebel organs and orators insist on a campaign against the Louisville & Nashville and on the one question, "If Bryan should come to Kentucky, what?"

But Mr. Coulter desires to be the fiscal officer of the Commonwealth, and he cannot afford to be silent under this accusation. He must answer promptly and conclusively. Mr. Huber was a man of enough importance to be put in the convention on Goebel's order, he must know something of Goebel's secrets.

Mr. Coulter has the floor, and 500, 000 Kentuckians want to hear from him.

This expose follows on the heels of one made by the Evening Post yesterday based on affidavits from the regular delegates of the Eighth third legislative district of Campbell county. After these delegates had been seated for two days Judge Hodge Goebel's agent, brought down a contesting delegation. He told the regular delegates that if they would vote to oust the delegation from the Eighth fourth district they could keep their seats, otherwise they would be ousted. Judge Hodge was informed that the vote of the delegation would be cast against the unseating of the Eighty-fourth district delegation. The Eighty-fourth district delegation, by order of Senator Goebel, was then unseated. It had been legally selected and there was no question of it being the regular delegation. This piece of convention work was shown up in affidavits of John Stahl, the regular chairman of the Eighty-third district; M. R. Lockhart, chairman of the delegation in Louisville; G. C. Laver, Joseph Kroum, Joseph A. Casady, Daniel Weber, J. B. Ellis and John O. Stevens.

George Could Spell Too.

Little George is a sweet-faced, innocent, but intelligent child, who belongs to a family in which the name is. He is about to celebrate his fifth birthday and as he sat on the floor playing with his blocks the other afternoon his elders talked over his head about the presents they intended to give him on the occasion. They spelled out to him the words they did not want him to understand, for little George is too young to know how to spell. "I think," said a doting aunt, "that I'll get a wooden horse." Little George looked up, his angelic face alight with a smile of seraph sweetness. "Auntie," he said, "if you get me a horse I hope you'll get me a d-a-m-big one."

Wanted to Be Accommodating.

In one of the hospitals in the south last summer a lady looking duty loving woman bustled up to one of the wounded soldiers who lay gazing at the ceiling above his cot. "Can't I do something for you, my poor fellow?" she asked, imploringly. The "poor fellow" looked up languidly. The only thing he really wanted just at that time were his discharge and a box of cigars. When he saw the strained and anxious look on the good woman's face, however, he felt sorry for her, and with perfect sang froid he replied: "Auntie," he said, "if you get me a horse I hope you'll get me a d-a-m-big one."

A Test of Character.

The greatest test of character is to be found in what is common rather than extraordinary. It is easier for the soldier to be faithful in the rush of battle, when sustained by a catching enthusiasm, than to maintain a high tone of consistent principle under the many trials of daily drill.—Dr. Macleod.

The New York admen have passed a resolution appropriating \$150,000 for Admiral Dewey's reception.

PRESIDENT WILL ATTEND.

EVANSVILLE, Ind., Aug. 17.—Preparations for the blue and gray reunion in this city October 10 to 14 are now complete, and the affair promises to be the grandest event held in Evansville in many years. President McKinley has assured the reception committee that he will attend, and several members of his cabinet may accompany him.

SEIZED BY FRENCH.

HONG KONG, Aug. 17.—It is reported here that the Island of San Chiau has been seized by the French. Great excitement prevails. San Chiau commands Hong Kong's West River trade.

MARRIED FEW HOURS.

GUTHRIE, Okla., Aug. 17.—A short honeymoon was spent here. P. V. Jobe of Pawnee and Miss Mabel Payton of Warfield, were married in the morning. In the afternoon it was noticed that the groom was under the influence of liquor, and when he retired to his room he sat down and fell asleep. The bride made no attempt to arouse him. When he awoke two hours later she had been to a lawyer's office and began action for divorce.

RECIPES FOR SEASONING.

Put sugar in the water used for basting meats of all kinds; it gives a good flavor, to vital more especially.

To give a fine flavor to corned beef hash, use good stock for moistening, with a pinch of salt, sugar and cayenne.

Three tablespoons of freshly made Japan tea, with a bit of nutmeg, gives an indispensable flavor to an apple pie.

Boston baked beans can be improved by adding a cup of sweet cream the last hour of baking.

When making tomato soup, add a raw cucumber sliced fine, boil soft and strain with tomato. It gives a pleasant seasoning.

Add a cup of good cider vinegar to the water in which you boil fish, especially salt-water fish.

Make snow cake with arrow-root flour; the flavor is delicious.

Small pickles, olives and capers minced fine are an excellent seasoning for a salad dressing.

A fine seasoning for chicken salad is to slice an onion on the top of the prepared chicken and let it marinate two hours or more, adding, at the same time, a few drops of prepared horseradish. Be sure that every particle of the onion is taken from the chicken before adding the dressing.

MEANS BUSINESS.

WASHINGTON, Aug. 17.—Secretary Root has directed that four additional transports be chartered. They are the Pueblo, Belgian King, Columbia and Charles F. Nelson. They can carry 2,550 men. All will be ready to sail for Manila by September 10.

OLD CUSTOMS IN ENGLAND.

Strange Survivals of Middle Age Observances.

In Lincoln's Inn, London, a bell rings every evening at 9 o'clock. This is the curfew, derived from old French words meaning "cover the fire," and it is an order for all who live in the inn to put out their lamps and fires. Of course, nobody obeys, because the law of curfew is rather out of date, considering that it was made by William the Conqueror in the year 1066 and repeated in 1110. Repeated or in fact, the curfew bell was rung in West Ham until November, 1897; it rung now at Lincoln's Inn, while it is actually being revived and brought into force in some small American towns. Another funny old custom is the howling of the town crier, who goes about with a bell announcing rewards for lost dogs or shoes, advertising entertainments and telling the news. You may hear the town crier any day in Dartmouth, and the little boys are not allowed to annoy him on pain of whipping. Several small English towns have not yet awakened to the fact that the middle ages are gone and that this is the end of the nineteenth century. There are determined attempts at times to revive ancient customs. In 1839 there was actually a tournament held at Eglinton castle. Young gentlemen in battle-plate armor tilted at each other with lances, while hosts of fashionable people sat under umbrellas and cheered them. Lady Seymour was queen of beauty and the Emperor Napoleon III. of France was among the ancient knights who jousted for her favors in the lists. It rained "cats and dogs" the whole time, the horses slithered about in the mud and the gallant knights rolled about in the mire, unable to rise again without assistance on account of the weight of their armor. The event is said to have been the most comic in all the history of England.

Why Pig Iron Is So Called.

Pig iron is so called because of the fancied resemblance of the ingots of iron when first made to a litter of pigs in the act of suckling. When the iron is produced from the ore the semi-fluid metal runs from the furnace down a straight channel in the sand, having at intervals side branches four feet in length, into which the molten mass gradually flows, finally filling them up, together with the main channel. In this condition it resembles an enormous double-sided comb, and the workmen have applied to it the name of the "sow and pigs." When broken into the ingots seen at foundries, it is known as "pig iron," and in the metal market and among dealers in iron is spoken of and dealt in as "pigs." The name has nothing to do with the quality of iron.

PILLOW NUISANCE.

San Francisco Chronicle: It is hardly likely that the pillow was invented by any one in particular. It was in the first instance, there is every reason to believe, a very rational institution, and consisted of a small pad upon which to rest the head when beds were by no means such luxurious affairs as they are today.

The pillows in use today are responsible for many evils which you may be willing to admit when they are pointed out to you and if you would test the efficacy of their disuse you would become as ardent an advocate of the custom as is the writer.

There is no greater fallacy than the belief that a big downy pillow conduces to restfulness and health in sleeping. You sink into its embrace and delude yourself that you are comfortable, with your head resting up on the dear, soft, cozy mass of feathers. Yet, if the pillow slips away from you in your sleep, do you miss its seemingly soothing influence? No. And if you can sleep thus comfortably and not know it, why should you not have the courage to put it away altogether?

The pillow may seem to breathe out beautiful dreams to you; but while it is beguiling your attention with its seeming restfulness it may be pushing your ears out of shape, and it is certainly making wrinkles in your neck and deepening the hollows over your chest by forcing the head forward. It may seem a little thing in itself, but happening every night it will rob you of all the beauty your neck would naturally have and nullify the good of any exercise you may take. Aside from the benefits to be derived in a shapely neck and chin, to sleep without a pillow will conduce to health and greater restfulness. It may seem strange at first, even a bit painful, but if persevered in you can very soon overcome this, and the good to be derived will well repay you.

The transport McPherson, loaded to the guards with relief supplies for the suffering Porto Ricans, sailed from New York for San Juan yesterday afternoon. The next vessel to carry supplies will be the Evening, sails from Brooklyn Friday.

REACH \$600,000.

COLUMBUS, O., Aug. 17.—In an investigation of the records of the city for the past 15 years it has been discovered that the books have been systematically falsified during that period. One of the experts says the loss to the city, as now known, will figure up at least \$150,000. If it increases at the present rate the total loss will approximate \$600,000. Criminal proceedings will be begun as soon as the investigation develops the guilty officials.

A Chicago man, in a frantic effort to commit suicide, drank a quart of whiskey, jumped himself halfway through the body three times with a rusty sword, and set fire to the house, locking himself in a closet.

A free and easy exhortation is produced by a few doses of COUSIN'S HONEY OF TAR, in all cases of Hoarseness, Sore Throat, or difficulty of breathing. Price 25 and 50 cts. Sold by Dubois & Co.

GREAT EXCURSION TO CHICAGO, ILLINOIS VIA ILLINOIS CENTRAL RAILROAD

Leaves Paducah Tuesday, August 22, 1899, at 12:15 p. m., noon.

Tickets only \$5 for the round trip. Good returning until and including August 31, except that tickets will not be good returning on fast mail train, leaving Chicago 2:50 a. m.

Ample equipment will be provided, and a pleasant trip is assured to all who participate. For further information apply to J. T. DONOVAN, Agent.

It Broke Mrs. Kendall Up.

When Mrs. Kendall was playing Galatas in the Theater Royal, Dublin, and was about to throw herself into the arms of Pygmalion, an old Irish lady shouted anxiously: "Don't, darlint! His wife has just gone out." Mrs. Kendall says indignantly that the audience laughed.

Blotches and excrescences, which so often annoy people, are simply efforts of nature to throw off impurities to the proper performance of her duties. HERBINE will aid and assist nature in her work, and ensure a skin clear and beautiful, entirely free from all imperfections. Price 50 cts. Sold by Dubois & Co.

FOR SALE—A commodious and handsome residence. A pleasant home, with all conveniences. Enquire of J. M. Dalton.

HERBINE is well adapted to the cure of fevers of all kinds, because it thoroughly cleanses the stomach and bowels of all bilious humors, and expels all impure secretions of the body. Price 50 cts. Sold by Dubois & Co.

Illinois Central Announcements.

Columbus, O.—American Science association, August 18 to 21 inclusive, one fare, good returning until August 28, with privilege of extension until September 15.

Where the digestion is good, and the general powers of the system in a healthy state, worms can find no habitation in the human body. WHITE'S CREAM VERMIFUGE not only destroy every worm, but corrects all derangements of the digestive organs. Price 25 cts. Sold by Dubois & Co.

Discouraging.

It frequently happens when a girl imagines she is wearing a sad and interesting expression some one will ask her what she is looking so cross about.—Arlington Globe.

PAINT. PAINT!

Use Senour's Floor Paint—the most satisfactory Floor Paint on the market; nothing better for painting porches, outside steps, vessel's decks, bottom of boats and all surfaces outside or inside that are subjected to hard usage and frequent scrubbing.

Use MOMARCH mixed paint—absolutely pure and sold subject to chemical analysis.

SIX POINTS—

- 1—Pure lead, zinc and linseed oil.
- 2—Guaranteed absolutely pure.
- 3—A practical painter's paint.
- 4—Covering capacity unequalled.
- 5—Staying qualities unsurpassed.
- 6—Cost same as goods not guaranteed pure.

Use PAINTER'S STOCK WHITE GLOSS—very heavy body—composed of Strictly Pure Lead, Zinc and Mixed Linseed Oil—will stand a gallon of linseed oil to gallon of stock white for thinning. Try it.

Make your furniture look new with a bottle of "House Keepers' Delight." Furniture Polish—the best on the market.

Also best brands of Varnish, Bath Enamel, Varnishes, Stains and everything in the paint line.

Add insult to injury.

It was the first night of his comedy,
and, although it had fallen rather flat,
he had hopes. "What do you think of
it," he asked a friend who had just
come out. "Oh, it's all right for the
kind," returned the other, "but I don't
think the public likes that sort of a
play. It would rather have something
to make it laugh." "Make it laugh!"
roared the indignant playwright.
"Yes," answered the other, "next
time you ought to try to write a tra-
gedy."—Chicago Post.

Observations ...at Random.

The suit brought against Judge San-
ders, Marshal Collins and Officer Crow
for damages recalls to mind the let-
ter Judge Sanders received a few
months ago from a woman in upper
down in this part of the state, and
having heard that it was a bad locality
in which to wander, planted a large
cabbage patch in his posterior pocket
and sailed forth to do battle with a
whole regiment, if necessary. He was
arrested and when the case was called
in the police court the evidence was
conclusive and he was fined and sent
to jail.

While in jail he had his head mashed
between the bars and died. His par-
ents first wrote for his scant belong-
ings, and when the pistol, his grip
and a few other things were forwarded
Judge Sanders was surprised to re-
ceive another letter, agreeing to com-
promise for \$10,000. The fond father
declared with a sorrowful scowl that
if the judge hadn't sent his poor,
guileless son to jail, he would never
have been killed. If the judge didn't
send the money at once he would be
sued for \$20,000. Judge Sanders
hurried into the marshal's office and
asked Marshal Collins for a blank
check.

"What are you in such a hurry
about?" asked the marshal.

"Why," replied the judge, showing
the letter, "the man says he wants
\$10,000, and I guess I'll have to send
it to him right away. I thought I'd
just write him a check for the amount."

This provoked a laugh, and nothing
else was ever heard from the man who
made such a modest demand of Pa-
ducah's judge.

One Christmas, about 30 years ago,
he came to town and found that the
custom of saloons serving eggs-nogs
to customers at Yuletide was as popu-
lar as now. He stored a few glasses
under his belt and hid himself out
until he chanced to meet a negro. The
negro bumped up against him, and
he was not accustomed to be thus
treated by the descendants of Ham.

He landed on him, and the negro rolled
over into the gutter. About that
time the city marshal, Mr. Julius Wil-
liams, came along, and told the callow
youth from the rural regions to con-
sider himself under arrest. The next
instant the marshal was following
in the path beaten by his sable pre-
decessor. The country boy hastened
to the wagon yard, and saddled his yellow
mare. He rode her down to the mar-
ket place and galloped straight through
the middle. The people scattered in
all directions, then returned to get a
glimpse of the daring horseman who
thus defied the minions of the law.

About this time he came along back-
ward than before, and they scattered
again. Several times he rode di-
rectly through the center of the market
place, striking fire from his horses
hoofs at every step. The police ar-
rived, and making the animal jump
over a bench, the sportive youth on
the mare departed and could not be
overtaken, as there were not so many
or so smooth police as there are now,
and no telephones to intercept them.

The culprit succeeded in getting out
of town and home, and it was about
four years until he came back to town
again. He and the marshal made up,
and each always enjoyed it as a good
joke on the other. Sheriff Rogers
says there's nothing that makes a
country boy meaner than eating
"haws" and "possum grapes,"—un-
less it's drinking Christmas eggs-nogs.

The accident which befel a small
boy at the wharf a day or two ago
demonstrates fully the dangers that
beset children in all parts of the city
if removed from the guidance and
protection of their parents. Every
day youngsters can be seen all over
the city loafing about in many places
replete with danger, as well as fraught
with bad examples. Of all places,
however, boys should be kept away
from the docks and wharf boats, which
seem to be favorite loafing places
with them. At the latter place they
expose themselves frequently to the
peril of being knocked off into the
river by dock hands, or of falling off
themselves or being crushed by boats.

Parents should keep their children
at home if possible, but if they are
too much trouble they should at least
see that they do not frequent places
where they may be injured or killed.

A guileless reporter on "little dinkie"
yesterday discovered a wonderful cisten
at Third and Washington streets.
It was about "fifteen feet deep"
and "had a cap on it," probably to
keep street cars and the street roller
from falling into it. The reporter
gave his discovery considerable prom-
inence in yesterday's paper, gush-
ing it with adjectives that smacked
of mystery, and a big scare head.

When the reporter has been in town
a little longer, however, he will per-
haps discover that there are thirty or
forty of those old cisterns in Paducah,
all still being used by the fire de-
partment when necessary. They are
all "covered by iron caps" and are
about fifteen feet deep. Chief Woods
knows where they are located, and
it looks as if there is really nothing
very remarkable in little dinkie's won-
derful discovery yesterday. Next thing
the reporter will be discovering the
old iron furnace on South Third street,
or a car load of post holes, or something
else equally as remarkable.

Dr. C. E. Whitteides is in receipt
of a letter and a copy of the Ro De
Janeiro News, Brazil, from his nephew,
Dr. J. V. Vori, who is well known
here. The doctor is well, and re-
cently played a game of baseball
at Rio, an account of which appears

THE LATEST.

In Kansas, according to the report
of Secretary Coburn of the state board
of agriculture, the corn crop through-
out this year will be more than 340,-
000,000 bushels. Not for 10 years
has there been a crop approaching
this amount, the largest previous
yield being in 1889, when the total
was 270,000,000 bushels.

Miners say that the Kearsarge
copper lode which has been uncovered
in the Centennial mine, after two years
of searching, is the richest they ever
saw. Michiganers are excited
over the find.

Every gentleman—Washington for
example—was a queen, many pow-
dered their hair.

Imprisonment for debt was a com-
mon practice.

Virginia contained a fifth of the
whole population of the country.

The Mississippi valley was not so
well known as the heart of Africa
is now.

The stagecoaches carried all the
travelers between New York and Bos-
ton. Six days were required for the
journey.

There was not a public library in
the United States.

A day laborer received two shil-
lings a day.

Stoves were unknown. All cooking
was done in an open fireplace.

Many of the streets were unnamed
and the houses were not numbered.

Three-fourths of the books in every
library came from beyond the At-
lantic. "Who reads an American
book?" was an Englishman's sneer
of the early part of the century.

When one Virginian started on a
journey to New York, he made his
will, and bade farewell to his friends
as if he never expected to see them
again.

Beef, pork, salt fish, potatoes, and
hominy were staple articles of diet
all the year round.

Buttons were scarce and expensive,
and trousers were fastened with
jags or laces.

Of course, no cars were known, tele-
graph or telephone.

Candles and whale oil gave light in
the houses.

TWENTY YEARS AGO.

"Pinafore" was raging.

Telephones were a novelty.

"Baby Mine" was prevalent.

Setting Bull was a "big Injan."

Campanini was the great tenor.

Adelaide Neilson was playing Ju-
liet.

General Grant was finishing a
tour of the world.

Every band played the "Fatinitza"
march.

"Wot d'yer say?" was the slang
phrase of the day.

The great Brooklyn bridge was
nearing completion.

The United States army was fight-
ing with the Ute Indians.

Millionaire A. T. Stewart's body
was stolen for ransom.

Bernhardt created a furore in Lon-
don and announced an intention
of coming to America.

"She's a daisy, she's a daisy, she's
a dumpling, she's a lamb," was
sung in all circles of society.

Paul Boyton, in his life saving suit,
floated 2,342 miles down the Alle-
gheny, Ohio and Mississippi rivers
in eighty days.

Thomas Nast was the great Amer-
ican caricaturist, and the "Solid
South" was his especial subject.
Keppler was coming on.

The Arizona—465 feet long—and
the City of Berlin were the largest
passenger steamships afloat. The
Kaiser Wilhelm der grosse of today
is 649 feet long.—Kansas City Star.

FEAST DAY.

Assumption of Blessed Virgin
Celebrated By Catholics.

Catholics all over the world cele-
brated the Feast of the Assumption
Tuesday. It is a holy day of obliga-
tion and must be observed by Catho-
lics as a Sunday. Solemn high mass
and a benediction were celebrated
in every Catholic church in the land.
On Assumption day the Catholics
commemorate the taking up into
heaven of the Blessed Virgin Mary.
It is the general belief among Catho-
lics, although not an article of faith
that shortly after the apostles recon-
vened at Jerusalem after the death
of Christ, the Virgin Mary died and
was buried in the Garden of Gethse-
mane, and that three days later her
body was opened by St. Thomas, and
the body was gone. From this it is
inferred that she was taken up into
heaven by God.

Druggists sell it for \$1 a bottle.
Send for free illustrated
book on the subject.
THE BRADFIELD REGULATOR CO., ALBANY, GA.

WIRELETS.

Operators of the Mingo mines have
granted the 10 per cent. raise demanded
by the miners, but the men are now
inclined to demand 15 per cent.

Prof. R. W. E. Dunsen, the famous
chemist, died at Heidelberg, Germany,
aged eighty-nine.

A woman and four boys were ar-
rested at Cleveland in connection with
the attempt to wreck street cars.

RAIN OF METEORS.

NEW YORK, Aug. 17.—The Morgan
Line steamship El Sud, from New Or-
leans to this port, ran into a specu-
lar storm south of Cape Hatteras Sat-
urday night. The rain came down
in sheets and was illuminated, as were
the seas, by vivid flashes of lightning
with the swiftness of a rapid-fire gun
battery. After the storm and from
a clear, starlit sky, there came a dan-
dling shower of meteors, like a golden
rain, apparently covering every part
of the horizon, and their glory faded
in the morning air.

WAS AN AGNOSTIC.

NEW YORK, August 17.—The daugh-
ter of the late Henry M. Taber has
expressed her father's hobby in favor
of agnosticism. For many years
he was president and treasurer of the
First Presbyterian church, and the fact
that he was a believer in agnosticism
was not made known until his death.
The late millionaire gave a half in-
terest in his book, which was entitled
"Faith or Fact," to a brother-in-law
of the late Colonel Ingersoll. As the
heirloom retained the copyright, how-
ever, he could do nothing, and by
order of Miss Taber the plates of the
whole book have been destroyed. There
are about 1,000 copies of the book in
circulation.

CZAR CHANGES THE BIBLE

LONDON, August 17.—By command
of the czar the official Russian ver-
sion of the Bible has been changed in
some portions. The most interesting
alteration is in the text of the fifth
commandment. The emperor and his
official family are now included in
this commandment. One translation
of the Russian version reads: "Honor
thy father and thy mother, the em-
peror and his officials, that thy days
may be long," etc.

THE EDAM CHEESE.

While the Edam cheese is a familiar
visitor on the table, not every one
knows whence it comes nor how its
cannon ball proportions and gay col-
oring have been achieved. The north-
ern part of Holland is the seat of the
Edam cheese industry, and the con-
sequent cleanliness of the rich is
therefore doubly assured. In making
it the fresh cow's milk is carefully
strained and the rennet is added. As
soon as the milk curdles the whey is
drawn off and the curd thoroughly
kneaded, is pressed into moulds. This
process is repeated until the whey
has all been extracted and the curd
is comparatively dry. It is then
wrapped in a linen cloth and kept for
ten or twelve days until quite so-
lid. Then the cloth is removed and the
cheese put into salt brine. Afterward
a little more dry salt is sprinkled
on the cheese, until the maker thinks
it is salt enough to insure its keep-
ing. It is next put into a vessel and
washed with water and scraped to re-
move the white crust. It is next carried
to a cool room and laid on shelves, where
it is frequently turned. The ripening
process takes from two to three months,
the round balls growing the fine yel-
low or reddish color peculiar to Edam
cheese. The cheeses intended to be
exported to this country are ren-
dered still more brilliant by dyeing
the rind with a vegetable coloring.

2,000 DEAD

And Many Dying Daily From In-
juries and Privations.

WASHINGTON, August 17.—The
appalling conditions existing in
Porto Rico have been made more
fully known to the war department
by General Davis in a dispatch which
says the deaths outright in the island
will reach 2,000, while many are dy-
ing from injuries and privations.

General Davis adds:
"They said the judge, peering
through his spectacles. 'Yes, yes,
honor, you have,' replied the prisoner.
'I am the professor who gives the
young lady next door to you lessons
in the piano.' 'Six years,' came from
the judge quickly.—Tid-Bits.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Prop., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WEST & TRAU, Wholesale Druggists, Toledo, O.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 75c. per bottle. Sold by all Druggists. Testimonials free.

Hall's Family Pills are the best.

THE NEW

STEAMER CITY OF GOLCONDA

Paducah, Golconda & Elizabethtown.

ARTHUR PECK, - - - Master.
C. BRADLEY, - - - Clerk.

Tri-weekly packet. Leaves Paducah every Tuesday, Thursday and Saturday at 12:30. Leaves Elizabethtown every Monday, Wednesday and Friday 8 a. m., and Golconda same days 12:30 p. m.

LOCAL LINES.

—According to reports a man named Lily, selling pictures, is under arrest at Salem, Livingston county, on a charge of stealing \$72.50 from a boarding house keeper at Hampton.

—The large water main at Third and Madison burst yesterday afternoon and several hours were required to repair it.

—Mr. Felix Hudson, grandfather of Dr. A. H. Hudson, of the city, who was stricken with a congestive chill day before yesterday, is reported better at his home near Woodville.

—Mayor Lang says no gravel expert was at Boaz Station inspecting gravel, sent there by him, and that he has nothing to do with the gravel at Boaz Station. The Register this morning stated that he had an expert there to inspect the pit.

—A fellow was on the Broadway street car line this forenoon with what is known as a track watchers bike. The machine is a regular bike for use on railroad tracks by road employees.

—Last night was delightfully cool and today has not been very unpleasant though the sun has shone brightly all day.

—Ed Houston, colored, charged with stealing a pair of spectacles from the cook at Rev. H. B. Johnson's, on North Seventh street, was tried before Judge Tully yesterday afternoon and given 30 days in the county jail.

—Yesterday the highest point reached by the mercury was 93 degrees. Today it has been very little warmer.

—Acting Overseer of the chain gang Harry Lucas is suffering from a bone fela on one hand.

—There will be an ice cream supper on the lawn at the Second Presbyterian church tonight. Everybody invited.

—The younger set enjoyed a delightful dance at the La Belle park pavilion last night. The attendance was large and until the small hours of this morning the dance was merry. The German band made music for the occasion.

—The street inspector is covering more of the street crossings with gravel and putting in drain pipes instead of culverts. The piping it has been demonstrated is too small and it is to be regretted that the size is not increased, for otherwise the improvement is not only a good but an economical one.

—Though it is hardly more than three weeks until the Democratic city primary the candidates for councilmen and school trustees are slow to come forward. There have been a number of calls, but the responses have not been so great. The trouble seems to be the primary and the probable heavy cost to the candidates to submit their names to the people and the further uncertainty that there will not be an independent and non-partisan ticket in the field, as is the report. Many think it is folly to bring politics into a city contest anyhow and these have urged the selection of a citizens ticket as mentioned. There is promise of a lively contest no matter what may be the action of the parties or the people.

—There has been laid in Paducah this year 4357 feet of storm water sewerage by Inspector Johnson and his men. Last year there were laid only 2725 feet, but so much good resulted that the city wherever possible, the old cross-ways have been torn up and pipes laid instead, giving excellent satisfaction.

—Justice Winbester this afternoon issued a warrant for Tom Fitzgerald, colored, a barber in a Broadway shop, on a charge of adultery with Dora Cooper. Fitzgerald's wife swore out the warrant, saying she had just returned from Tennessee and learned woman, whom he knew in Tennessee. He had not been arrested at present.

THE GOVERNMENT ELEVATOR

Work is progressing slowly on the new elevator at the government building, and it will doubtless be several days yet before it is running. It is in place, but there is much work yet to do.

ALL A GOEBEL YARN.

No Passes Were Circulated Here for the Delegates.

The Goebel men have for several days past been assiduously circulating the report that each delegate, and anyone else who desired to go to the Lexington convention, was given an envelope containing a pass, \$25 and a badge.

This proves to be all buncombe. Every delegate who went had a ticket, and the tickets were bought by the delegates at the Union depot. No passes were in circulation, and the Goebel men are talking principally through their hats in giving publicity to such ridiculous rumors.

SPECIAL TRAIN.

Superintendent Harahan to Arrive in the City This Afternoon.

Superintendent W. J. Harahan and family have returned from their sojourn at Atlantic City and other places, and this afternoon Superintendent Harahan with other I. C. officials, will arrive in Paducah on a special train from Louisville, and spend the remainder of the day, if not longer, here. It is the popular superintendent's first visit to Paducah since his trip east.

MARRIED IN ST. LOUIS.

Former Paducah Woman United in the Future Great.

Mrs. Birdie Scott, widow of the late C. C. Scott, the fruit dealer, and Mr. Thomas F. Byrne, a druggist of St. Louis, were married at the latter place a day or two ago. Mrs. Byrne is well known here, having for several years resided on Jefferson street.

A supply of arms and ammunition intended for the revolutionists in Santo Domingo was seized at Baracoa, Cuba.

MORE I. C. IMPROVEMENTS

It is said that the Illinois Central will shortly begin extensive improvements here. These will include the new round house, work on which will soon begin, and in addition, it is said that the long talked of enlargement of the freight house will begin, the shed to be extended in order to accommodate the largely increasing business. It is possible that a new freight house may be erected and several tracks run under it. Surveyors and other employees have recently been measuring around as if preparations were to begin at once.

ABOUT PEOPLE.

Mrs. Blanch H. Cavanaugh, of Frankfort, is a guest of Miss Bertha Hills. She is on her way home from Ballard county.

Dr. W. L. Hansbro has returned from Dawson.

Mr. Henry Rehkopf is sojourning at Dawson.

Councilman S. H. Winstead has returned from Creal.

Mr. and Mrs. George W. Edwards and daughter, Miss Lena, have returned from Dixon.

Mr. Sam B. Gott has returned from a visit to his wife, who is in Livingston county.

Captain J. S. Beatty returned this morning from St. Louis, where he had been for several days.

Mr. J. Dennis Mosquet returned last night from the Lexington convention.

Mrs. W. P. Ross, of Madisonville and Miss Lambert, of Henderson, are guests of Miss Annie May Yeiser.

Mr. Roy Potter is quite ill at his home, 422 North Fifth street from malarial fever.

Miss Fannie Sullivan has gone to Louisville on business.

Mr. Lawrence Davis, of Woodville, was in the city today.

Miss Maud Cairnes, of Rockport arrived this afternoon on a visit to Miss Carney.

Miss Lucy Hughes, of Princeton returned home this afternoon after a visit here to and Mayfield.

Colonel Bud Dale went to Dawson yesterday.

Dr. E. E. Ellis and wife and baby returned to Dyersburg this afternoon.

C. Dudley McGraw, of Lexington, is at the Palmer.

Gilbert McCoy, of Golconda, is at the Palmer.

Mark Buford, of New York, is at the Palmer.

Mr. Ed M. Carney, of Hopkinsville, is at the Palmer.

Mr. L. A. Boll, Jr., of Kuttawa, was at the Palmer today.

Miss Georgia Connor passed through the city today en route home to Calvert City from a three months visit to her aunt in Trenton, Tenn.

Miss Jessie Stephens, of Mississippi, who has been visiting her old home in this city for several weeks left for Hickman this morning where she will spend a month with relatives ere going to Mississippi.

SMALL CASES.

Sarah Anderson and Lizzie Pido, colored, employees at the Palmer House, were tried this morning on a charge of using insulting language to another employee, and the former was fined \$1 and costs, while the case against the other was dismissed.

Theodore Deimler, of D. Sordely conducted, was fined \$5 and costs.

Ed Smith was fined \$1 and costs for being drunk.

MR. ANNETT HERE.

Assistant Superintendent of Telegraph of the Illinois Central C. F. Annett, of Chicago, arrived in the city this morning on business connected with his department. He visited the various offices, but it is understood that he was looking particularly after the removal of the dispatchers' office to the new site at the southern extremity of the yards.

He left at noon over the St. Louis division.

The Methodist people of our neighborhood city of Brooklyn, will dedicate their new church building Sunday, August 26, with fitting ceremonies. The steamer Geo. H. Cowling will run special trips leaving Paducah at 10 a. m. and 2 p. m. Round trip 25 cents. St.

IDLE STORIES.

The Sun several days since mentioned a little piece of gossip that efforts in the city relative to some groceries, a wife's accidental discovery, etc. The intimation was that the story was an exaggeration. A few days subsequent it was also said in these columns that there was talk of a sensational divorce suit, but that there was no possibility of the report being true and that justice was being done innocent parties. The Sun is today in possession of all the facts in the two little stories and has the most reliable assurance that neither of them are correct in any respects. The people should be just in these matters and never cause pain to the innocent by rolling such morsels beneath their tongues.

NEW COMEDIAN.

Two of the Members of the La Belle Company Leave Sunday.

Comedian Costello, of Chicago, arrived this morning to succeed Mr. Frank Robinson, the comedian at La Belle park, who, together with Mr. Franklin Whitman, leaves Sunday after the matinee to join the Murray Comedy company.

Mr. Costello is an excellent actor, and will doubtless become exceedingly popular during his few weeks sojourn here. The season at La Belle lasts only about a month longer. Messrs. Whitman and Robinson leave many friends in Paducah who hope they will return next season. Mr. Whitman's successor has not yet arrived.

BAND WENT TO PRINCETON

Champion's orchestra, which had been in Paducah for two or three weeks, left this morning for Princeton. The band became very popular while here. It is traveling around the country and has been on the road for sixteen months.

Evansville 8.7, fall.
Florence 0.6, stand.
Louisville 3.1, fall.
Mt. Carmel 3.4, fall.
Nashville 1.8, stand.
Paducah 7.5, stand.
Pittsburg 5.8, fall.
St. Louis 13.0, fall.

The Hustler from Grand Rivers landing will arrive early tomorrow morning and leave on return trip at noon.

The coal tow men at Pittsburg say that if they do not get enough to start out by the first of next week they will be locked in the Pittsburg harbor and near vicinity with over 10,000,000 bushels of coal, which will not let them out before the usual fall rise.

The H. W. Buttrick from Evansville arrived at noon today, and departed on return trip at 1 p. m. She did good business on her down trip, also on her return to Evansville.

The Cincinnati and Memphis and New Orleans pilots, have struck for higher wages. If they stand to their agreement and don't weaken they will succeed.

There was not as much business in river circles today as the last three days previous.

The wharf was crowded with people last evening, listening to the music on Price's showboat.

The Dick Fowler cleared for Cairo this morning at 8:30 with a very nice trip.

The new steamer Ouachita and Red River passed inspection yesterday at Jeffersonville, and leave for their southern homes today. Captain Frank Farnley will pilot the Red River fastest boat above the falls, and to her destination.

The City of Cincinnati is the with propriety we add below the falls also.

River on a stand here.

Mr. Crumbaugh, of the firm of Fowler, Crumbaugh & Co., went to Echo Springs today on the packet.

Captain Tom Armstrong, in command of the Henry Harley, is waiting orders here before leaving for Tennessee river to relieve the Edgar Cherry. He will not likely leave here before next Saturday.

Captain Frank Brown held the lucky number that drew the fine new bicycle last night.

The Tennessee passed Ferryville yesterday, coming out of Tennessee river, is due this evening.

Captain John Crouch, an old Cumberland river steam boatman, is now engaged in the steam ferrying business at Columbus, Ky. He has been visiting his family at Dyersburg, Ky. He left this morning on return to Columbus.

Captain William Masson, a well-known steamboat man, died Monday at his home, 5151 Maple avenue, St. Louis. The captain was 72 years old, and had been closely identified with river interests for 40 years. He was a large stockholder in the Anchor line.

The habit of shippers cheating steam boats and railroads by inserting false weights in bulk of loading is a matter of complaint in some ports. The law imposes a heavy fine upon any one who shall be found guilty of such offense. For the benefit of the shipping public it might be well to call their attention to the law in reference to this matter, for it is quite evident that the shippers do not realize the danger in which they place themselves. We give the law below: "Any person and any officer or agent of any corporation or company who shall deliver property for transportation by any common carrier, subject to the provisions of this act, or for whom as consignor or consignee any such carrier shall transport property, who shall knowingly and willfully, by false billing, false classification, false weighing, false representation of the contents of packages, or false report of weight, or by any other device or means, whether with or without the consent or connivance of the carrier, its agent or agents, obtain transportation for such property at less than the regular rates then established and in force on the line of transportation, shall be deemed guilty of fraud, which is hereby declared to be a misdemeanor, and shall, upon conviction, thereof, in any court of the United States of competent jurisdiction within the district in which such offense was committed, be subjected for each offense to a fine not exceeding \$5,000 or imprisonment in the penitentiary for a term not exceeding two years, or both, in the discretion of the court."

Excursion to Cairo Sunday, steamer Galconada. Leaves at 8 a. m. returns at 5 p. m. Fare for trip 50 cents. Refreshments and string band. 2t. ABRAM PULLEN, Manager.

KICKED BY A MULE.

James Frizell had his nose broken this afternoon.

Jim Frizell, white, who drives a wood wagon and resides near Third street, close to the ice factory, was in the horse lot on Third street this afternoon when a mule running loose kicked him over the eye and nose, and inflicted a very painful, if not dangerous wound, breaking the bones of his nose into several pieces.

Dr. Coyle was called and dressed the injury, and this afternoon the patient was resting easy.

WILL BE REJECTED.

Mayor Lang Says Worton Proposition Will Not Be Accepted.

Mayor Lang stated this morning that the committee in whose hands the Worton proposition was left for investigation, will report against making the appropriation for the gravel. Mr. Worton asks only that two streets be graveled, he agreeing to grade them and deed the property to the city.

The committee will make its report at the meeting of the council Monday night.

HAND PAINFULLY MASHED.

P. H. Pittler Hurt at the Marine Ways Yesterday.

Mr. P. H. Pittler, of 321 South Third street, had his hand painfully mashed yesterday afternoon while at work on the marine ways. The injury was caused by Dr. Boyd and Sanders, and will disable him for some little time.

I. C. HOSPITAL.

There Are Now Thirty-five Patients in It.

There are 35 Illinois Central employees in the railroad hospital here, most of them ill from malaria, and few of them laid up by injuries. There are always few injuries at this time of the year.

Last month there were all told 84 patients in the hospital, quite a large number, with no deaths.

MARRIAGE LAST NIGHT.

Mr. George W. Gates and Miss Nora Ellis Married.

Mr. George W. Gates, a car builder for the N. C. and St. L., and Mrs. Nora Ellis, both well known young people, were married last night at 7 o'clock by Rev. Taylor, of the Second Presbyterian church, the ceremony being performed at the home of Mr. Oliver Smith, 801 South Fourth street.

THE GRIPS RECOVERED.

Isaac Dixon, a Union City negro, last night agreed to carry two grips belonging to Mr. C. A. Porter, of Jackson Mich., from the C. yards, where they got off a freight train, to the Palmer House. He failed to show up, however, and Chief Hoyer was complained to. The negro was found and arrested, but claimed he didn't know the way up to the Palmer. He was released.

BIRTHS.

Mr. and Mrs. Horace Mankin are parents of a boy baby.

Born to the wife of Mr. Rufus Wilkins, twin boys.

Mr. and Mrs. D. Rittoff, of South Second street, are parents of a boy.

DEEDS.

The following deeds have been recorded in the county clerk's office:

Mr. George W. Wainman and others deed to Mrs. Wilhelm Barn hard certain land in county for \$2,000.

Augusta Langstaff deeded to James E. Robertson lot on Fourth between Broadway and Court streets for \$2,419.

S. B. Caldwell and wife deed one half of certain property in county to Jesse Parks for \$150 and the other half to W. L. Simmons for \$150.

W. M. Myers and wife of county deed one eighth interest in Myers' homestead to F. M. Baker, of county, for \$150.

A. A. Simmons and others deed property in county to W. N. Simmons for \$150.

SEWERAGE CAVE IN.

The sewerage contractors have struck another snag. Yesterday afternoon about 50 feet of their ditch caved in on South Third, near Jackson, entailing considerable delay, as well as causing a loss of thirty or forty dollars. The accident was due to the quality of the soil, which is a large fill, and not very firm.

ACTING COMMISSIONER.

Mr. Will C. Kidd is in charge of U. S. Commissioner J. R. Puryear's office during the latter's absence on his eastern trip. Commissioner Puryear expects to be gone about two weeks.

PUMPING STATION.

Contract Drawn Up With Mr. Katterjohn Today.

The contract for completing the sewerage pumping station was today drawn up with Contractor F. W. Katterjohn, and work on the house will begin at once. It has been half completed for several months, and Contractor Lian White has flatly refused to finish the work, for which suit will be brought against his bondsmen as soon as the proper time arrives.

IS DESTITUTE.

Mrs. Rita Greif, widow of the late Frank Greif and a woman with two children, is reported in destitute circumstances at 210 North Twelfth street. The attention of charitable people is called to her, as she is said to be in need of assistance.

Hygeia Filters

If they are good enough for your children at school they should be good enough for you at home. We have them to fit your hydrant or sink faucet. Look at our show window and see what we furnish the public schools with--and they don't cost much.
